

SEATTLE'S BEST COFFEE BEVERAGES

Offering warm comforts and ice-cold refreshment.

SMOOTH COFFEE IS JUST THE START.

Seattle's Best Coffee offers a wide selection of hot and cold coffee and non-coffee beverage options to satisfy customers' varied and changing needs throughout the day.

UNCOMMONLY SMOOTH™ BREWED COFFEE

Our celebrated brewed coffee menu features 13 different blends and varieties, in addition to several highly anticipated seasonal offerings made available throughout the year.

ESPRESSO BAR BEVERAGES

Espresso-based beverages are a significant part of what makes Seattle's Best Coffee cafes unique. We pay special attention to pulling the perfect shot of espresso and infusing it with velvety steamed milk. The result is the ideal handcrafted espresso beverage. In addition to our classic, core espresso beverages, including the Americano, Cappuccino and shot of Espresso, Seattle's Best Coffee offers the following featured beverages:

Seattle's Best Coffee® Lattes

The classic American latte features rich Henry's Blend® espresso infused with silky, light-as-air steamed milk. Guests can customize their lattes by adding their favorite flavored syrups.

Seattle's Best Coffee® Mochas

Seattle's Best Coffee has long been known for its wonderful mochas, which we garnish with our signature chocolate baton. A variety of delicious chocolate sauces are combined with rich espresso and velvety steamed milk to create an irresistible mocha experience.

BLENDED BEVERAGES

Seattle's Best Coffee serves up a diverse offering of blended beverages, including our very own JavaKula®, a line of refreshing espresso beverages blended with ice. We also offer a creamy coffee milkshake made with hand-scooped ice cream.

JavaKula, CremeKula™, FruitKula™

Seattle's Best Coffee's delicious blended-with-ice beverages are available in coffee (JavaKula), non-coffee (CremeKula) and non-dairy (FruitKula) versions. The key ingredient in the JavaKula line is cold-brewed coffee, a rich, smooth coffee concentrate that we use as the base for all of Seattle's Best Coffee's cold coffee beverages. JavaKula flavors include basic iced-coffee refreshment, Vanilla Coffee and the indulgent Cookie with Oreo®. Our CremeKula line includes tea-, fruit- and cream-based flavors. FruitKula includes non-dairy fruit-based flavors. These exceptional offerings are particularly exciting for our young guests.

Classic Javanilla® Shake

The Seattle's Best Coffee Classic Javanilla Shake is quite possibly the world's best coffee milkshake. Cold-brewed coffee and hand-scooped vanilla ice cream make this one of Seattle's Best Coffee's most indulgent beverages.

TEA PROGRAM

Seattle's Best Coffee is proud to serve Tazo® tea in its cafes. The behind-the-bar tea program consists of three components: tea lattes, loose leaf tea and brewed iced tea.

Tea Lattes

This category consists of a selection of Tazo tea flavors, including the popular Chai and Green Tea selections. These flavors are combined with steamed milk for a unique, indulgent hot tea experience.

COLD-BREWED COFFEE

Our cold-brewed coffee provides Uncommonly Smooth™ refreshment, serving as a key differentiator for Seattle's Best Coffee. Coarsely ground coffee is steeped in cool water for 18-24 hours. The result is a rich, smooth coffee concentrate that forms the base of all Seattle's Best Coffee cold coffee beverages, including Hand-Shaken ColdBrewed Originals, JavaKula and Classic Javanilla Shake.

REDCANE KOLA™

Carbonated water is available to Seattle's Best Coffee cafes and is used to create Handmade Italian Sodas and our new RedCane Kola. Just like our popular customized coffee beverages, RedCane Kola is made fresh for customers with premium natural ingredients. Genuine kola nuts and pure cane sugar impart a deep full flavor and crisp taste. The result is rewarding non-coffee refreshment for our guests.

COFFEE ALTERNATIVES

Our cafes offer a selection of non-coffee beverages, including steamed milk, Cocoa Trio and Caramel Apple Spice. They're enjoyable options for our younger guests and for anyone seeking an alternative to coffee-based beverages.

READY TO DRINK

Seattle's Best Coffee's core ready-to-drink offerings include several ambient and perishable products, including juice, milk and tea. These convenient options are kept chilled in the grab-and-go section of the food case.
